Meet your trip leaders

WITH YOU FROM START TO FINISH

Landmark Leaders are the tour managers on your trip, but- we're not like other tour managers.

Firstly, many of our Landmark Leaders double as staff that help plan and book the very trip you may be traveling on. This makes us very interconnected with the nitty gritty details of your trip!

We are also younger than many of our competitors. We view this as a strength. Our youthful approach to a trip allows us to better engage with students of all ages.

We match the energy of our travelers!

We present information to students differently, we interact with students differently, and we plan our trips differently.

This makes us cool tour managers!
